Our aim is for our performers to provide music that will compliment the wonderful food prepared by your Chefs and match to the wine selection.

The concept is to allow your patrons to feel as if they are enjoying the best food, wine and music from Italy, France, Spain and Germany!

The wonderful menu will be matched to music. In a light hearted night of song you will be entertained by classical opera singers - with a dash of humour!

Are we just another boring classical act?

Definitely not!!! We have specially designed a show with this in mind called "*The singing Sommeliers*" for the non-opera lovers. It's humorous, accessible and entertaining for all.
